

Triangle Insights Group Announces New Partner

Premier life sciences consulting firm builds on leadership team

Triangle Insights Group, a premier life sciences consulting organization, has announced that Kate Kitsopoulos has been named as a partner of the firm.

Kate has been a pivotal contributor to Triangle Insights, having joined soon after its inception. She leads the San Francisco office, which the firm established in late 2016 to better serve West Coast clients. Since joining the firm, Kate has taken a prominent role in developing staff, driving thought leadership, and expanding the firm's client base on the West Coast. Kate has also played a key role in developing new services for Triangle Insights and its clients, including launch planning and strategic brand support.

“We are honored to welcome Kate as a partner to the firm and believe she will continue to be a strong leader and a critical component to our increasing West Coast presence” said Gautam Aggarwal, one of the founders of Triangle Insights. “Her integrity and proven excellence is highly regarded by our clients, our employees, and the partner team.”

Fueled by continued growth, the advancement of Kate to partner is one of a series of recent promotions and new hires for the firm.
